

THE STATE OF THE TOWN OF TELLURIDE
as of June 12, 2018

There is EXCITING and MEASURABLE progress to report during these past six months.

On the **DEED-RESTRICTED HOUSING** front:

we COMPLETED the Virginia Placer project,

- DELIVERING housing for > 100 people

we BROKE GROUND on the SMPA project,

- JUMP-STARTING housing for > 25 people

we FINALIZED plans for housing on the RV lot,

- DESIGNING family-sized units for > 50 people

and we are NOT DONE...

- STAY TUNED for our upcoming COLLOBORATION with San Miguel County on the Sunnyside Lot
- CREATING housing for yet another 50 people

On the **REGIONAL TRANSPORTATION** front:

through SMART, our collaboration with Mountain Village and San Miguel County:

- SERVICE to Lawson Hill has been EXPANDED;
- The SHUTTLE to and from Rico is GAINING in popularity; and
- EXTENSION of the Norwood route to Naturita is ON THE TABLE

through these and other efforts, we continue to EXPAND ACCESS to WORK, SCHOOL & SERVICES for hundreds of riders EACH DAY.

On the **ENVIRONMENTAL** front:

we keep PUSHING for PROGRESS through our membership in:

- Mountain Pact
- CC4CA
- Compact of Colorado Communities

and we will soon **EMBARK** on setting COMMUNITY CARBON REDUCTION GOALS, enhancing QUALITY of life for:

- EVERY local;
- EVERY second homeowner; and
- EVERY visitor to our region

Against this **BACKDROP** of **PROGRESS**,

MUCH remains to be done:

- we need to BETTER ARTICULATE and PUT INTO PRACTICE a VISION of INCLUSION
- we need to put COMMON INTEREST ahead of SELF INTEREST

Being an ELECTED OFFICIAL

- is not only the HIGHEST HONOR, but also
- the GREATEST RESPONSIBILITY that any of us will ever have
- we serve something MORE IMPORTANT than SELF
- we have the PRIVILEGE of having a POSITIVE IMPACT on the lives of PEOPLE we may NEVER MEET
- and we must NEVER FORGET that we are MORE ALIKE than DIFFERENT
